WORK EXPERIENCE

Melio, Senior DevOps Platform Engineer

2022 - Present day

- Drove **\$1.5M+ annual AWS cost reduction** through **FinOps** practices and **EDP** optimization across production and non-production environments.
- Led and owned an **enterprise internal AWS platform**, architecting fully serverless, multi-account environments **supporting hundreds of services and developers**. Built **self-service platform automation** using **Python-based AWS Lambda**, reducing infrastructure provisioning from days to minutes and improving developer productivity. Designed and implemented **Aurora Global Database disaster recovery** architecture, strengthening cross-region resilience and failover readiness.
- Standardized infrastructure delivery with **Terraform (Env0) and CloudFormation**, reducing configuration drift and enabling consistent, auditable deployments.
- Established **observability and operational excellence** with Datadog and AWS CloudWatch, reducing MTTR and improving production reliability while mentoring and scaling DevOps engineers.

Cloudride, Devops Engineer

2021 - 2022

- Architected & deployed **AWS production infrastructure (VPC, ECS, RDS, Route53, CloudFront)**.
- Built **CI/CD pipelines with GitLab CI**, enabling reliable production deployments.
- Managed **containerized production workloads on AWS ECS with Terraform**.

BRS, Storage And Virtualization Engineer

2020 - 2021

- Deployed **SAN/NAS storage & VMware** solutions for enterprise clients.
- Administered **vSphere & backup systems**, ensuring availability & performance.

Israel Police, System Administrator

2014 - 2017

- Supported district-wide IT systems (**Citrix, NAC, ERP**).
- Delivered **user training & emergency response protocols**.

LEADERSHIP & COMMUNITY

- **Founder & CEO, FlipTheScript**: Scaled a **600+** member DevOps community; ran AWS certification groups (**100% pass rate**), 1:1 mentoring, mock interviews, workshops, AWS-hosted meetups and more.
- **AWS Community Builder – Serverless**: Recognized for thought leadership and technical contributions.
- **Speaker & Writer**: Delivered talks at **meetups/conferences (AWS Community Day, DevOpsDays etc)** and authored blogs on **Serverless, FinOps, DevOps and Platform Engineering** practices.

EDUCATION

B.Sc at Computer Science, at HIT (Holon Institute Technology)

October 2017 - October 2020

TECHNICAL SKILLS

Cloud & Infra: AWS (Serverless, Lambda, DynamoDB, Step Functions, EventBridge, API Gateway, ECS, RDS, VPC, IAM), IaC (Terraform, Env0, CloudFormation), MongoDB

Automation & CI/CD: Git, CircleCI, Python (Boto3), Bash, Docker, Linux

Observability & Resilience: Datadog, CloudWatch, DR Implementation, FinOps
Leadership & Mentoring: Recruitment, Interview, Onboarding, Community Building, Public Speaking

CERTIFICATIONS

AWS Certified Security – Speciality

AWS Certified DevOps – Professional

AWS Certified Solutions Architect – Professional

AWS Certified Solutions Architect – Associate

AWS Certified CloudOps – Associate

AWS Certified Developer – Associate

AWS Certified AI – Practitioner

AWS Certified Cloud – Practitioner
